MODE

1   2
3   4
5   6
7   8

DIM

−   +

When you turn the lights off using the OFF button, the lights will stay in the mode currently set.

To set the timer: turn the lights on, select a mode, and press the TIMER button to start the timer, which is on for 6 hours, off for 18 hours.

Use the DIM - and DIM + buttons to adjust the brightness of the lights.
